Dear Sir:

Prior to examination of the above application, please amend the application as follows.

In the Specification:

(New)[0013a] FIG. 1A shows, in a schematic side view, an alternative embedment device for calendering a paper or paperboard web according to the invention.

(Currently amended) [0023] The invention is not intended to be limited to the above embodiments presented as an example, but the invention is intended to be applied widely within the scope of the inventive idea as defined in the appended claims. For example, the
